The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars to anyone that it fails to cure. Send for literature at once.

TOMORROW'S SUNDAY SCHOOL LESSON.

Seventy Lay-Preachers.

(Lpke 10:1-24.)
General comments on this lesson will be given by another on the second page of this issue. We will confine our remarks to more local application. It is well to know that Jesus selected the seventy men to go before Him into the cities and preach the gospel or good news, for the kingdom of Heaven was at hand. They were to go two by two conforming only to the necessary customs and give no time either in preparation for or indulgence in social functions.

So important was the preaching of the gospel, that no time should be wasted. Maysville and Mason County need to have this kind of a doctrine preached to the Christian people. What personal work is being done here? Can't we get the full import of the words: "The Kingdom of Heaven is at hand" and do our individual part in preparing each man in Mason County for its coming.

Suppose that seventy men, laymen, dead in earnest would start out two by two and preach the gospel to the men who never get to church, or suppose a house to house visit were made and the importance of accepting Christ as Saviour and of following Him were emphasized. Would not the religious complexion of this city be wonderfully changed.

This is now being done in places. Men are hearing the call for laborers in the Master's kingdom. Too many church members get the idea that to go to church and pay our debts is all that is required. Why can't we have men go out in pairs, say a butcher and a dentist, a grocer and a lawyer, a banker and a carpenter, or a tobacco man and a physician, or any other kind of a combination of Christian men who are anxious to have all men saved? Farmers could and ought to go to their neighbors with the gospel as readily as they will go to market. Religion

should be made a business and the sponsor we make it such the better it will be for that which we usually call business.

But it is said people don't want you to bother them with religion. That is only partly true. But business is business. And as the solicitor does not always consult our wishes when he comes to sell his wares and as his insistence often wins for him a sale, so it is the business of the Christian to press the claims of the gospel on all men whether they ask him to do so or not.

That brings us to the next point in the lesson. Many people, (and some of them live in this county) have ignored the opportunity to hear and to accept the gospel. Woe unto all such! It will be more tolerable in the day of judgment for savages in the heart of Africa than for them. Some of our citizens may be exalted to the sky in feeling and pride and social prestige but without Christ and without repentance they shall be brought down to destruction. Jesus said: "Woe unto thee Chorazin! Woe unto thee, Bethsaida! for if the mighty works had been done in Tyre and Sidon, which were done in you, they would have repented long ago, sitting in sack-cloth and ashes."

Let this be a warning to us for it is not the minister nor the layman who speak to us but the spirit of the Father that speaketh in them.

POLITICS 53 YEARS AGO.

(Mt. Olivet Tribune.)
County Attorney U. C. Thoroughman has quite a curiosity in the shape of a Whig or Opposition ticket used in 1839. Joshua F. Bell was the candidate on this ticket for Governor, and Judge G. M. Thomas, of this place, was the candidate for Representative and he is probably the only man living today who was a candidate on that ticket.
